Prayers for World Peace and Countries concerned about climate change

Gracious God, hear our concerns for the state of the world.

We pray for those countries currently being threatened by a larger and aggressive neighbour – as currently illustrated by the situations in Ukraine and Taiwan.

We pray for those countries facing problems caused by climate change – wildfires, flooding, temperature rises to dangerous levels, water shortages.

Loving Lord, may our concerns be shown in the way we care for those who are struggling – in so many different ways.

We bring all these prayers to you through Jesus Christ Our Lord. Amen

Our new President and Vice President

In your prayers, please remember our new President and Vice-President, Rev Graham Thompson and Mr Anthony Boateng, as they start their year of office.
